## 27 – 29 November 2024 Athens, Greece

Dear colleagues and friends

We are excited to announce that the conference The Use of R in Official Statistics – uRos2024, will be held on 27 – 29 November 2024, in Athens – Greece as an onsite event.

The conference is jointly organized by the Hellenic Statistical Authority (ELSTAT), the National Institute of Statistics of Romania together with traditional partners: Ecological University of Bucharest, Statistics Netherlands (CBS) and Statistics Austria.

The purpose of the conference is to provide a public forum for researchers from academia and statistical institutes to present, exchange ideas and discuss developments in state-of-the-art statistical software commonly used in applied economics and statistics, focusing mainly on the use of R in Official Statistics.

More information about the conference (venue, registration, topics, paper submission, important dates, etc.) can be found on the website of the conference at [www.urosconf.org](http://www.urosconf.org)

**Save the date and join us in Athens!**

With kind regards,

**Athanasios C. Thanopoulos**

President of the Hellenic Statistical Authority (ELSTAT)
